*The governing body is responsible for maintenance of this scheme.*

### **1. Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in future. All information in our publication scheme is either available for you on our website to download and print off or in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

### **2. Aims and Objectives**

Our school is committed to:

- Ensuring that we have high expectations of every child and they have high expectations of themselves;
  - Developing a curriculum that is broad and inspires children through practical experiences
  - Developing the use of ICT as a tool which enhances and supports pupils' learning across the curriculum
  - Creating a secure and stimulating school environment
  - Establishing a high, positive profile for the school within the community
- and this publication scheme is a means of showing how we are pursuing these aims.

### **3. Categories of information published**

The publication scheme guides you to information which we publish or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

- *School* – information published in the school publications.
- *Governor's Documents* – information published in Governor documents.
- *Pupils and Curriculum* – information about policies that relate to pupils and the school curriculum.
- *School policies and other information related to the school* – information about policies that relate to the school in general.

Many of the documents are available on our website. You will find our website at [www.greenleysjunior.org](http://www.greenleysjunior.org)

Single copies of information covered by this publication are provided free unless stated otherwise in section 6. If your request means that we have to do a lot of photocopying or printing, or pay a large postage charge, or is for a priced item such as some printed publications or videos we will let you know the cost before fulfilling your request.
